Attached is a standardized letter from Department of Agriculture, Trade and Consumer Protection to a citizen with a high nitrate test.

Sincerely,

Chery Burdett

I received an e-mail with this attached letter from a citizen in the Juneau County on December 14, 2018. It includes the test results for the nitrate tests and pesticide tests done by DATCP. Along with a letter advising the risk of drinking water with high nitrate levels.

Would you want to include the letter?

Also, I have a another e-mail that a citizen sent to me with a list of addresses and their results of high nitrates, but not an official letter or lab result sheet.

Cheryl Burdett

Hi [Ex. 6 Personal Privacy (PP)]

It was nice talking to you. Here is a copy of the letter we sent you in 2014.
